1. MANUFACTURER

Name and full address	Contact details
FORGIA INDUSTRIE 2e étage, n° 16, 14 boulevard Mohammed Zerkouni Casablanca 20250, Maroc	Tél. / WhatsApp : +212 6 60 32 75 04 engineering@forgia-industrie.com www.forgia-industrie.com

2. IDENTIFICATION OF THE ONE-OFF SPECIAL-PURPOSE MACHINE

Order / project	Contractual reference and customer stated in the individual declaration supplied at delivery.
Designation	One-off special-purpose machine designed and built for the customer's specific application.
Reference and traceability	Reference or type · unique serial number · quantity: 1 (one machine).
Person authorised to compile the technical file	Name and address in the European Union specified in the individual declaration for the machine concerned.

3. DECLARATION FOR THE IDENTIFIED SUPPLY

FORGIA INDUSTRIE declares, for the unique special-purpose machine identified in the individual declaration supplied to the customer, that the supply conforms to the contractual requirements and to the essential health and safety requirements applicable to it. Conformity is established after risk assessment, verification, inspections, tests and compilation of the technical file specific to that machine.

4. APPLICABLE UNION HARMONISATION LEGISLATION

REFERENCE	SUBJECT AND APPLICABILITY
2006/42/EC	Machinery Directive - applicable to machinery placed on the market before 20 January 2027.
2014/30/EU	Electromagnetic compatibility - where applicable to the equipment concerned.
(EU) 2023/1230	Machinery Regulation - applicable to machinery placed on the market from 20 January 2027.

5. HARMONISED STANDARDS AND TECHNICAL SPECIFICATIONS

EN ISO 12100	Appréciation et réduction des risques / Risk assessment and risk reduction
EN 60204-1	Équipement électrique des machines / Electrical equipment of machines
EN ISO 13849-1 / -2	Parties des systèmes de commande relatives à la sécurité / Safety-related parts of control systems
EN ISO 13850 · EN ISO 14120 · EN ISO 13857	Arrêt d'urgence · protecteurs · distances de sécurité / Emergency stop · guards · safety distances

Exact editions and any other specification applied are recorded in the technical file and in the individual machine declaration.

6. CONFORMITY ASSESSMENT AND TECHNICAL FILE

Assessment of the one-off machine includes safety FMEA following EN ISO 12100 principles, validation of safety functions, electrical and mechanical inspections, functional testing and load testing where applicable.	EVIDENCE FILE
INTENDED USE AND LIMITS Defined for the machine concerned in its operating manual and delivery file.	Operating and maintenance manuals · technical report · calculation notes · material certificates · inspection and load-test reports · definition file and drawings.

7. ADDITIONAL INFORMATION

This declaration covers the machine in the condition in which it is delivered by FORGIA INDUSTRIE. Subsequent additions, alterations or unintended uses made by the customer are outside the manufacturer's responsibility. The instructions and residual risks stated in the manual must be observed.	NOTIFIED BODY Where the procedure requires it: the body, its intervention and certificate number are stated in the individual declaration.
